

NAME(S):

Prompt:

1. Fold this sheet into thirds & turn it over.
2. On the back top third, draw something that could have been drawn by the Turtle robot.
3. On the front, in the top two thirds, write instructions (in English) for the robot to create this drawing.
4. Swap your instructions with someone who didn't see your drawing.
5. **Without looking at the drawing on the back** draw a picture following the instructions.
6. Fold down the top third and see - how closely does your drawing match the original?
