

NAME(S):

Searching with Recursion

Begin the following as paired-programming in class, but be sure to individually finish any problems you don't get to (hand in written answers of **0.25 engagement points**, check website for due date).

1. Write the base case and the recursive step to search for a number in a sorted list of numbers

.....

.....

.....

.....

.....

.....

.....

2. Write a recursive algorithm for binary search

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....
